

LADY D DEVOTIONAL LIBRARY

# Trilogy Proof And Copyedit Audit Pack

*Mechanical, theological, repetition, and KDP proof evidence for all six current products*

Generated 2026-07-01 from commit 245a378

## Readiness Boundary

This package advances the proof lane, but it does not make the devotional library final KDP upload-ready. Copyedit, theological sign-off, final metadata approval, KDP Previewer, and physical proofs remain required.

## Repetition Decision Surface

Repeated day titles and morning-impact lines are not automatically defects. They are now explicit proof decisions: accept as intentional series rhythm or revise before final upload.

| Volume | Duplicate Titles | Impact Groups | Max Impact Repeat |
|--------|------------------|---------------|-------------------|
| 1      | 0                | 0             | 0                 |
| 2      | 0                | 0             | 0                 |
| 3      | 0                | 0             | 0                 |

## Judge And Auditor Loop

- Mechanical completeness judge
- Adventist Sabbath guardrail auditor
- Grace and obedience theological auditor
- Reader rhythm and repetition judge
- KDP proof gate auditor

## Next Operator Move

Use this pack to run one volume at a time through proof, theological review, repetition decisions, metadata approval, and KDP proofing. Keep the Adventist Sabbath and grace/obedience guardrails visible in every pass.
