

01 Publishing package overview

UPDATED AUGUST 31, 2026

This proposal preserves the current \$2,000 devotional publishing agreement while reflecting the substantial library now assembled: three 366-entry devotionals, three paired companion journals, a luminous cover family, a private author review home, and the 31-day visual devotional now entering production.

Corrected account. Susan has paid \$600 (\$200 prior payment and \$400 by check), leaving \$1,400. The verified checkout below is the only active customer payment link for this balance.

What the package now contains

AUTHOR REVIEW STAGE

TRACK	INCLUDED WORK	CURRENT TRUTH
Devotional trilogy	Three Scripture-led, 366-entry volumes in Lady D's calibrated preaching voice.	Polished 6×9 review editions assembled; author and theological approval remain.
Companion journals	Three paired journals with daily practice and optional monthly deep-dive pages.	Paired interiors assembled and visually audited.
Luminous cover family	Bright, no-text candidates grounded in Lady D's own imagery and transcript guidance.	Ten qualified candidates available for her selection; final wraps wait for production metadata.
31-day visual devotional	Ten selected days from each volume plus a new trinitarian Day 31, prepared for print and motion.	Recovered source pack and scene system are now being reconciled into the shared production corpus.
Publishing home	One private client path into books, journals, cover decisions, proposal, and secure payment.	Live and unified at the main site address.
Juan Damon testimony	Potential testimony, autobiography, or memorial work.	Not included. Separate future intake, approval, schedule, and pricing required.

Release boundary. Review-ready does not mean published. KDP Previewer, exact wraps, a physical proof, and Susan's final approval remain required.
